Innovative IRRIGATION Solutions

Pre IRRIGATION Checklist

Is your AUTOMATION ready for the coming irrigation season?

To ensure your automation is in tip top shape and ready for you to start watering, we recommended a quick check over your devices. This handy checklist will help you get the most from your automation this irrigation season.

- Turn on each device and check if operational.
- Visually inspect for damage, insect nests, loose cables or water damage.
- Charge batteries.
- Wipe your solar panels clean .
- Are all your units showing online?
- Start and run all devices.
- Have you updated your Padman Mobile App? [Click Here for instructions](#)
- Do you need anymore automation to fulfill your irrigation this season ? Lead times are currently 12-15 weeks, get your orders in now!
- Do your units need servicing? (we recommend basic servicing every 2 years)
